Guideline for Utilization of the Parts Book-

Quickly and exactly you will obtain the right object in your hand, by this Parts Book, when certain part of the machines is necessary for replacement or the modification. Because this Parts Book is printed showing all of part-names in contrast with their illustrations by each mechanism.

Contents of the Book are for CM-251 the standard model from Page 1 to 9 and for sub-models and attachments from Page 10 to 22.

Note:* Parts for sub-models are shown only by those different from the standard models.

* Parts in common use with the standard models are not shown except those of virtual lines (two-dots chain lines).

As for Gauge Parts, they are shown in the "List of Main Spare Parts", Page 23, for your convenience.

By Part Numbers in "INDEX" from Page 24, you can easily check shape of the part and /or its setting place on machines.

When you will order the part, it must be placed by the number. Take note please.

Additionally, we beg your kind understanding for the fact that there may be some differences in numbers or shapes owing to the successive studies and improvements, because this Parts Book has been made on the basis of production in May, 1982.

〈パーツブックご利用に際して〉

この度は、ヤマトCM-251クラスのミシンをお買上げ頂き、誠にありがとうございます。

このパーツブックは修理交換用の部品や他のモデルに改造する場合等に目的の部品をいち早く検索して頂くため、分かり易く機構別にイラストと表を対比して掲載しております。

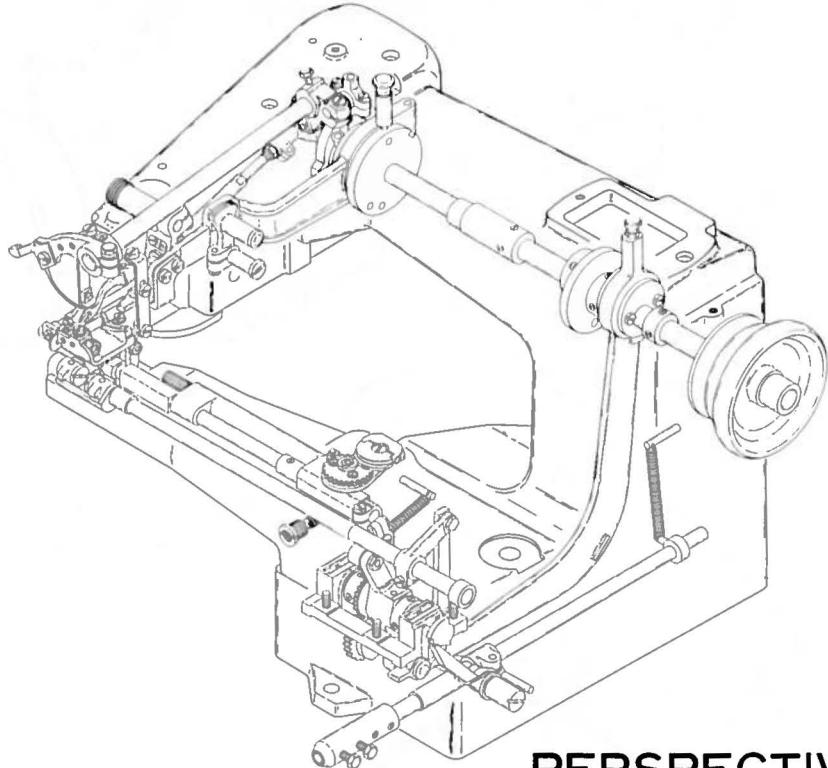

すなわち、CM-251を基本モデルとし、1ページから9ページまでを基本モデル、10ページからサブモデル及び附帯装置の部品を掲載しております。このサブモデルの部品構成は、基本モデルと異なる部品のみを掲載しており、仮想線（2点鎖線）及び無掲載の部品は基本モデルと共通使用のものでありますから、この点ご留意ください。

ゲージパーツ関係は23ページに主要部品リストとして分かり易く表にしてありますので合わせてご利用ください。

また、部品番号で部品の形状や、ミシンのどの部分に組込まれている部品か等をお調べの場合は24ページからの索引(INDEX)にて簡単に引き出せます。

部品をお求めの際は部品番号でお間違いのないようお願いします。

なお、このパーツブックは1982年5月現在製造中のミシンを基本に作成しております。品質性能に関しましては絶えず研究し、日々改良を加えておりますので部品番号及び形状等が異なる場合がありますからご了承ください。
